Remarks

All of these amendments are made at the initiative of applicant to provide an optimum claim set with which to commence examination. None of these are made for any reason pertinent to
5 patentability, and all changes are fully supported by the disclosure.

Applicant also wishes to call examiner's attention to the information disclosure filed on March 18, 2004, and to make certain that this disclosure is fully considered prior to issuing
10 a first action in this application.

Respectfully submitted,
